POM Planning 2.0

Software to streamline decision support throughout your multiple POM planning events and time horizons.

◆ DECISION LENS

A Modern POM Submission Workflow

Prioritization Framework. A standardized, but flexible criteria-based way to drive investment in mission-critical priorities.

Process Automation. Reduce reliance on spreadsheets with custom forms to collect, organize, and prioritize requirements.

Purpose Built Visualizations. Rapidly visualize courses of action to reach data-informed prioritization decisions across all POM planning horizons.

What-If Planning. Present tradeoffs iteratively to leadership for mission aligned decision making.

Scenario Planning. Leverage powerful algorithms and visualizations to provide a quick view into potential courses of action.

Real-Time Data. Ensure executive decision makers are always acting on up-to-date findings from program managers and portfolio owners.

Plan for The Future, Sustain Today

Eliminate Spreadsheets	Automate POM Prioritzation	Log All In-App Activities	Allocate Funds Faster
Automating data input reduces time spent on collection and validation to allow focus on analysis	Identify and fund mission-aligned spending priorities as money becomes available.	Track all activities performed in the portfolio, when the changes occured, and by whom.	Rapidly pivot spending for a get-well plan when spending is off track.

The Result

Better, Faster Decisions. A prioritization framework and what-if analysis to improve America's global competitiveness.

Quantified Mission Alignment. Create and maintain a collective line of sight to strategy that ties resources to mission aligned initiatives over the POM period.

Effectively Inform Decisions. Develop robust decision justification with our prioritization framework coupled with what-if analysis capabilities.

Optimized Funding. Create alignment between requirements, resources, and desired mission outcomes.

Built for the Public Sector

Security
FedRAMP, IL-2 Compliant AWS Hosting, IL-4/5 on Air Force Cloud One

Hosting Options
